Monroe County Substance Abuse Coalition Members

Monroe County Substance Abuse Coalition – Executive Committee

Mark Cochran – Chairperson, City of Monroe

Wendy Klinski – Vice Chairperson, Catholic Charities of Southeast Michigan

Trooper Don Stewart – Secretary, Michigan State Police

Nancy Delaney – Treasurer, Delaney Counseling Services, PLLC

Vicky Loveland – Development Coordinator, Monroe County Substance Abuse Coalition

Faith Sector:

- Catholic Charities of Southeast Michigan
- Salvation Army Harbor Light
- St. Paul’s United Methodist Church
- First Church of God

Health Departments

- Family Medical Center
- Rehabilitation Specialists of Monroe
- Monroe Community Ambulance Services
- Monroe Medical Associates

Behavioral Health Sector:

- ProMedica Monroe Regional Hospital
- Monroe Community Mental Health Authority

Non-profit Sector:

- United Way of Monroe/Lenawee Counties

Education Sector:

- Monroe County Intermediate School District
- Monroe County Community College
- Wayne State University
- University of Toledo

Government Sector:

- Monroe County Board of Commissioners
- City of Monroe
- Dundee Village Council

Coalition Members (continued)

Law Enforcement Sector:

- Monroe County Sheriff's Office
- Michigan State Police
- Monroe County Prosecutor's Office
- Monroe County Probation Division

Business Sector:

- Delaney Counseling Services, PLLC
- Michigan Works

Family/Parent Sector:

- Family/Parent Community

Treatment/Recovery Sector:

- Catholic Charities of Southeast Michigan
- Salvation Army Harbor Light
- Michigan Opioid Collaborative
- Unified
- Paula's House
- AA Corrections
- Recovery Community

Coordinating Agency

Hospital Council of Northwest Ohio

Margaret Wielinski, Interim Director of Community Health Improvement

Gabrielle MacKinnon, Community Health Improvement Coordinator

Mallory Ohneck, Community Health Improvement Coordinator

Funder

This project is supported by a grant from the Michigan Department of Health and Human Services. The intent of the funding is to address the opioid epidemic related to misuse and abuse in the community.

Strategic Planning Meetings

Meeting 1

HCNO staff facilitated a preliminary survey via SurveyMonkey. County representatives reported their strengths and weaknesses in the following areas as they pertain to opioids: prevention, environmental strategies, care coordination, treatment, harm reduction, data sharing, and policies and protocols.

HCNO hosted the first meeting via Zoom on May 28, 2020.

At the first meeting, the following topics were presented:

- Focus Group material from opioid assessment
- Reviewed SurveyMonkey results

The tables below show the results from the survey by theme.

Monroe County Opioid Strategic Planning Initial Survey

Strategy	Strengths	Weaknesses
Prevention	<ul style="list-style-type: none"> • Student Prevention Leadership Teams-schools (10) • Increase in school programs (5) • Promotion of Red Med Boxes (4) • Medication Take-Back Events (2) • Option availability (1) • Social media (1) • MAT providers (1) 	<ul style="list-style-type: none"> • Not enough doctors onboard with alternative pain relief (2) • Getting messages to everyone (1) • Lack of evidence-based messaging (1) • Stigma associated with drug programs (1) • Monitoring health systems for over prescribing (1) • Expansion of Medical Workgroup to focus on prevention (1) • Primary Care not involved (1) • Lack of programs for Middle School (1) • Not enough education/programs in schools about alcohol and marijuana (1) • Lack of funding (1)

Strategic Planning Meetings (continued)

Monroe County Opioid Strategic Planning Initial Survey

Strategy	Strengths	Weaknesses
<p>Environmental Strategies</p>	<ul style="list-style-type: none"> • St. Joseph Center for Hope availability (2) • Physicians limiting opioid prescriptions written (2) • Medication take back throughout the county (2) • Central area for referrals (1) • Collaboration (1) • State Opioid Response Grant (multi-faceted approach) (1) • Jail program (1) • Catholic Charities (1) • Substance Abuse Coalition (1) • Recent marketing campaign (1) 	<ul style="list-style-type: none"> • Limited number of MAT providers (3) • Lack of awareness of medication take back locations (2) • Lack of rural services (1) • Hard to get more people involved (1) • Not having one source for checking opioid prescriptions written (1) • Lack of Needle Exchange Program (1) • Continued public education (1)
<p>Care Coordination</p>	<ul style="list-style-type: none"> • Sharing of resources/working together (3) • Jails are partnering with CMH (1) • Connections established (1) • Programs works when patient is in them (1) • Attempts at coordination (1) • Awareness that care coordination is critical in recovery (1) • Catholic Charities (1) • Providers involved in community efforts (1) 	<ul style="list-style-type: none"> • Residential housing facilities and who they will accept (1) • Transportation to MOUD or M appointments post-release (1) • Lack of coordination with primary care (1) • Not for those who may want to continue drug use (1) • Lack of follow up after programs end (1) • Need additional long-term treatment facilities (1) • Difficult to do everything (1) • Only led by Substance Abuse Coalition (1) • Lack of financial resources (1) • Lack of navigation between programs (1) • Insurance (1)

Strategic Planning Meetings (continued)

Monroe County Opioid Strategic Planning Initial Survey

Strategy	Strengths	Weaknesses
Treatment	<ul style="list-style-type: none"> • Community collaboration (5) • Wide variety of services – i.e., therapy, groups, rehab (4) • Peer support (4) • MAT services (4) • St. Joseph’s Center of Hope (3) • Community coalition education (2) • Salvation Army Harbor Light (1) • Engagement through post treatment (1) • Jails – treatment/mental health services (1) • 12-step program (1) • Narcan distribution (1) • Methadone programs (1) 	<ul style="list-style-type: none"> • Inpatient and outpatient care/treatment (6) • Transportation (4) • MAT access (4) • Programs & resources (2) • Territory (1) • Lack of user accountability (1) • Women & children services (1) • Not enough providers (1) • Client engagement (1) • Not enough awareness of treatment options (1) • Partial, case management (1) • Getting people to be serious about addiction (1)
Harm Reduction	<ul style="list-style-type: none"> • Naloxone (12) • Red Med Boxes (5) • St. Joseph Center of Hope (2) • Dedicated individuals to harm reduction (1) • Get dirty needles off the streets (1) • Collaboration (1) • Law enforcement involvement & support (1) 	<ul style="list-style-type: none"> • No syringe exchange/disposal programs (6) • Stigma of automatically being saved with naloxone (4) • Not enough options for harm reduction (3) • Naloxone availability (3) • Not embraced or well known (2) • No disposable packets (1) • Promotion of availability (1) • Lack of user accountability (1) • Rural areas of county (1) • Community availability (1)

Strategic Planning Meetings (continued)

Monroe County Opioid Strategic Planning Initial Survey

Strategy	Strengths	Weaknesses
Data Sharing	<ul style="list-style-type: none"> Partnerships/collaborative group (10) Collected at local level (1) Educates more of the public (1) Jail and CMH forthcoming with sharing data (1) Know where problem is and magnitude (1) Coalition building (1) Data from newspaper (1) Substance Abuse Coalition (1) 	<ul style="list-style-type: none"> Data availability and shared (7) Not connected with entirety of statewide systems/universal platform (3) Expansion of data, not just deaths (2) Repetitive data (1) Matching terminology (1) Understanding each other's needs (1) Not sure what others collect or how to share (1) HIPAA related concerns (1) Limited resources (1)
Policy & Protocols	<ul style="list-style-type: none"> Organizations have protocols (4) Very strong message (1) Establish guidelines/direction (1) General agreement of solving the issue (1) Coordination through Substance Abuse Coalition (1) 	<ul style="list-style-type: none"> Lacks consistency (1) More harmful to marginalized groups (1) Against best evidence for reduction of criminal activity (1) Not enough community feel it's a priority (1) Sometimes too strict to meet every case (1) Can use improvement (1) Getting something that works for everyone (1) More related to law enforcement (1) Need drug court program (1) No specific policies and protocols at ProMedica Monroe Hospital (1) Lack of financial support (1) Difficulty reaching gatekeepers of various organizations (1)

Strategic Planning Meetings (continued)

Meeting 2

- HCNO hosted meeting #2 via Zoom on June 24, 2020.
- The committee was presented with a total of 22 potential strategies, 3 'Public Safety' strategies, 10 'Prevention/Education' strategies, and 9 'Medical/Treatment/Recovery' strategies. After reviewing each strategy, the committee voted and signed up for their top 5 strategies for each of the above categories via SurveyMonkey.

Meeting 3

- HCNO hosted meeting #3 via Zoom on July 22, 2020.
- The committee reviewed the SurveyMonkey results and finalized a total of 13 strategies for the Strategic Plan: 3 'Public Safety' strategies, 4 'Prevention/Education' strategies, and 6 'Medical/Treatment/Recovery' strategies.

Meeting 4

- HCNO hosted meeting #4 via Zoom on August 26, 2020.
- The committee finalized action steps and responsible parties for every strategy.

Monroe County Opioid Strategies

STRATEGIC PLANNING TERMINOLOGY

Action Steps: specific steps that need to be taken to meet the objective

Timeline: timeframe within activities will take place

Responsible Party: who will be responsible for ensuring the objective is met?

Note: Throughout the report, hyperlinks will be highlighted in **bold, red text**. If using a hard copy of this report, please see Appendix I for links to websites.

PUBLIC SAFETY STRATEGIES (3)

The Monroe County Substance Abuse Coalition (MCSAC) will focus on the following **public safety strategies** to reduce substance use and abuse Monroe County:

1. Improve data consistency/sharing
2. Substance Use Disorder (SUD) and Opioid Use Disorder (OUD) resources being offered by providers
3. Create an Overdose Fatality Review Committee (OFRC)

Strategy 1: Improve data consistency/sharing		
Action Step	Timeline	Responsible Party
<p>Year 1: Create a Data Committee to determine common indicators to collect. Create a plan to report county data back to coalition.</p>	December 31, 2020	Monroe County Substance Coalition
<p>Year 2: Execute MOU with Michigan Hospital Association (MHA) and regional hospitals for MHA to provide data including deidentified overdose related discharge data.</p>	December 31, 2021	Monroe County Sheriff's Office
<p>Year 3: Continue efforts from years 1 and 2. Consider other data sharing action steps such as:</p> <ul style="list-style-type: none"> • Develop a written protocol on collection of data and evaluation activities 	December 31, 2022	<p>Monroe Community Ambulance</p> <p>Wayne State Center for Behavioral Health & Justice</p> <p>Monroe County Health Department</p>

Monroe County Opioid Strategies (continued)

Strategy 2: Substance Use Disorder (SUD) and Opioid Use Disorder (OUD) resources being offered by providers

Action Step	Timeline	Responsible Party
<p>Year 1: Define SUD/OUD providers.</p> <p>Work with SUD and OUD providers and agencies to assess what materials and/or information they may be lacking to provide better resources to family members with a loved one affected by SUD/OUD.</p> <p>Research family-centered treatment best practices and/or models.</p> <p>Develop a training focusing on family-centered treatment best practices and referral sources for providers and agencies.</p>	December 31, 2020	<p>ProMedica Monroe Regional Hospital</p> <p>Unified</p>
<p>Year 2: Offer trainings to providers and agencies on best practices, as well as referral sources to offer family members affected by SUD/OUD.</p> <p>Offer CME (Continuing Medical Education) and/or CEU (Continuing Education Units) as an incentive for providers to participate.</p> <p>Provide at least four trainings annually.</p>	December 31, 2021	<p>Monroe County Sheriff's Office</p> <p>Catholic Charities of Southeast MI</p>
<p>Year 3: Perform effectiveness review and adjust as necessary.</p> <p>Continue efforts from years 1 and 2.</p>	December 31, 2022	

Monroe County Opioid Strategies (continued)

Strategy 3: Overdose Fatality Review Board		
Action Step	Timeline	Responsible Party
<p>Year 1: Create an Overdose Fatality Review Board (OFRB) to standardize practices.</p> <p>Recruit community members, law enforcement, hospitals, health departments, and other community agencies to participate in the OFRB.</p>	December 31, 2020	<p>Monroe County Sheriff's Office</p> <p>Monroe County Health Department</p>
<p>Year 2: Collaborate with other counties with an Overdose Fatality Review Board to share experiences and lessons learned. Consider a train-the-trainer approach.</p> <p>Create a standardized model to implement.</p>	December 31, 2021	<p>Catholic Charities of Southeast MI</p>
<p>Year 3: Enter OFRB data into database (if appropriate).</p> <p>Host regular calls or meetings to discuss trends.</p> <p>Perform effectiveness review and adjust as necessary.</p>	December 31, 2022	<p>Monroe County Substance Abuse Coalition</p>

Monroe County Opioid Strategies (continued)

PREVENTION/EDUCATION STRATEGIES (4)

The MCSAC will focus on the following **prevention and education strategies** to reduce substance use and abuse Monroe County:

4. Awareness and education among physicians and other health care providers concerning alternative therapies
5. Develop and update guidelines for opioid prescribers
6. School-based social and emotional instruction and alcohol/other drug prevention programs
7. Integrate Michigan Automated Prescription System (MAPS) into Electronic Health Records (EHRs)

Strategy 4: Awareness and education among physicians and other health care providers concerning alternative therapies

Action Step	Timeline	Responsible Party
<p>Year 1: Facilitate an assessment among physicians and other healthcare providers on their awareness and knowledge about alternative therapies.</p> <p>Conduct an environmental scan to determine the types of alternative therapies available in Monroe County. Collect information regarding location, cost, which types of health insurance are accepted, eligibility requirements, etc.</p> <p>Using the results from the environmental scan, create a 1-page informational guide detailing the types of alternative therapies available.</p> <p>Disseminate the guide to physicians, pain management providers, and other health care providers.</p>	December 31, 2020	<p>Medical Work Group</p> <p>Monroe County Substance Abuse Coalition</p>
<p>Year 2: Continue to educate physicians and other health care providers on benefits and efficacy of alternative therapies. Create and administer a training(s).</p> <p>Encourage physicians to consider other forms of treatment like alternative therapies instead of prescribing prescription pain relievers</p> <p>Determine the cost associated with integrating alternative therapy resources into an EHR.</p> <p>Survey physicians and other health care providers about their current pain management guidelines/policies.</p>	December 31, 2021	ProMedica Monroe Regional Hospital Outpatient Behavioral Health
<p>Year 3: Continue efforts from years 1 and 2.</p> <p>Integrate list of alternative therapy resources into the EHR.</p>	December 31, 2022	

Monroe County Opioid Strategies (continued)

Strategy 5: Develop and update guidelines for opioid prescribers		
Action Step	Timeline	Responsible Party
Year 1: Ensure that guidelines are developed and recommended for all opioid prescribers including, but not limited to, physicians, physician assistants, nurse practitioners, podiatrists, optometrists, and dentists.	December 31, 2020	Family Medical Center of Michigan
Year 2: Recommend that any newly developed prescribing guidelines include dosing, day limits, and limit prescriptions for acute pain.	December 31, 2021	
Year 3: Review content in any current guidelines and recommend revisions or additions based on CDC-developed prescribing guidelines.	December 31, 2022	

Monroe County Opioid Strategies (continued)

Strategy 6: School-based social and emotional instruction and alcohol/other drug prevention programs

Action Step	Timeline	Responsible Party
<p>Year 1: Gather baseline data on which programs are currently being implemented in the County that address social and emotional well-being and alcohol/other drug prevention.</p> <p>Introduce at least one of the following programs to the educational service board:</p> <ul style="list-style-type: none"> • <u>The PAX Good Behavior Game</u> • <u>The Second Step Social-Emotional Learning (SEL) Program</u> • <u>The Incredible Years</u> • <u>ROX (Ruling Our Experience)</u> • <u>Strengthening Families</u> • <u>Refuse Remove Reasons (RRR)</u> • <u>Too Good for Drugs</u> • <u>Generation Rx</u> • <u>LifeSkills Training</u> <p>Pilot the program(s) in at least one County school district.</p>	December 31, 2020	<p>University of Toledo</p> <p>Family Medical Center of Michigan</p> <p>St. Paul's United Methodist Church Outreach</p> <p>Airport Community Schools</p> <p>Catholic Charities of Southeast MI (SPLIT)</p> <p>Monroe County Health Department</p>
<p>Year 2: Pilot the program(s) in two additional school districts in selected grade levels. Create and disseminate supporting educational materials for parents and families.</p>	December 31, 2021	
<p>Year 3: Implement the program(s) in all County school districts.</p> <p>Expand alcohol/other drug prevention programming as necessary. Continue to educate parents and families.</p>	December 31, 2022	

Monroe County Opioid Strategies (continued)

Strategy 7: Integrate Michigan Automated Prescription System (MAPS) into Electronic Health Records (EHRs)

Action Step	Timeline	Responsible Party
<p>Year 1: Collect baseline data on the number of primary care physician offices that have integrated MAPS into their EHR (including software platform used). Assess number of primary care physicians' offices who have requested for software integration.</p>	December 31, 2020	ProMedica Monroe Regional Hospital
<p>Year 2: Provide education to hospitals and physician offices on benefits of integration. Assist in one physician office or hospital integration.</p>	December 31, 2021	
<p>Year 3: Continue efforts from years 1 and 2. Assist in two more physician or hospital integrations.</p>	December 31, 2022	

Monroe County Opioid Strategies (continued)

MEDICAL/TREATMENT/RECOVERY STRATEGIES (6)

The MCSAC will focus on the following **medical, treatment and recovery strategies** to reduce substance use and abuse in Monroe County:

8. Resource mapping and clinical linkages
9. Peer Recovery Services
10. Sequential Intercept Map (SIM)
11. Naloxone access
12. Increase awareness and accessibility of treatment options for those with substance use disorder
13. Assisted Outpatient Treatment (AOT)

Strategy 8: Resource mapping and clinical linkages		
Action Step	Timeline	Responsible Party
<p>Year 1: Explore the benefits of implementing a care coordination model or a partnership model with the purpose of connecting medical and pain management providers to SUD/ODD providers and community resources.</p> <p>Determine the need for a full-time care coordinator.</p> <p>Convene local stakeholders including health care providers, religious organizations, businesses, schools and others to develop a resource map outlining all available SUD and OUD resources and services in Monroe County.</p>	December 31, 2020	<p>Monroe Community Mental Health Authority</p> <p>Family Medical Center of Michigan</p> <p>Catholic Charities of Southeast MI</p> <p>Recovery Advocacy Warriors</p>
<p>Year 2: Pursue funding opportunities to hire a full-time care coordinator.</p> <p>Work to clearly define the role of the care coordinator. Define a typical caseload and set essential functions and responsibilities.</p> <p>Determine the cost associated with integrating SUD and OUD community resources into EHR.</p> <p>Compile and list the resources. Make an inventory. Organize resources on a map.</p> <p>Disseminate the resource map to medical/pain management providers and other stakeholders.</p>	December 31, 2021	
<p>Year 3: Hire or appoint a full-time care coordinator in at least one hospital or primary care office.</p> <p>Secure funding (if necessary) to recruit additional care coordinators.</p> <p>Integrate SUD and OUD community resources into EHR.</p> <p>Contract with an organization to update the map on an annual basis. Ensure resources are updated annually (or as needed).</p>	December 31, 2022	

Monroe County Opioid Strategies (continued)

Strategy 9: Peer Recovery Services		
Action Step	Timeline	Responsible Party
<p>Year 1: Increase efforts to recruit and train certified peer recovery coaches.</p> <p>Research and obtain funding sources to recruit and certify coaches. Ensure all aspects of the certification process are completed.</p> <p>Identify opportunities to further involve peer recovery coaches with the treatment community.</p> <p>Place peer recovery coaches in the emergency room, community, jail, etc.</p> <p>Advocate for overall support, additional training opportunities, and financial support from the state level.</p>	December 31, 2020	<p>Passion of Mind</p> <p>Monroe Community Mental Health Authority</p> <p>Family Medical Center of Michigan</p>
<p>Year 2: Utilizing peer recovery coaches, implement the Angel Program.</p>	December 31, 2021	Catholic Charities of Southeast Michigan
<p>Year 3: Continue to identify and train additional peer recovery coaches.</p> <p>Secure funding (if necessary) to recruit and train additional peer recovery coaches.</p>	December 31, 2022	<p>Recovery Advocacy Warriors</p> <p>ProMedica Monroe Regional Hospital Outpatient Behavioral Health</p>

Monroe County Opioid Strategies (continued)

Strategy 10: Sequential Intercept Map (SIM)		
Action Step	Timeline	Responsible Party
<p>Year 1: Research the sequential intercept model and determined the feasibility of implementing it in the community.</p> <p>Meet with Monroe County officials, including local prosecutors, judges, law enforcement, hospital officials jail officials and county commissioners, to discuss sequential intercept mapping for Monroe County and the potential benefits it could yield if completed.</p>	December 31, 2020	Prosecutor's Office
<p>Year 2: Determine funding that may be necessary to complete SIM and secure funding (if applicable). Create and execute a plan to produce a sequential intercept map for Monroe County by:</p> <ul style="list-style-type: none"> • Developing a comprehensive map of how individuals with substance abuse and mental health (SAMH) disorders flow through five distinct intercept points of the county's criminal justice system: law enforcement and emergency services, initial detention and first appearance, jails and courts, reentry, and community corrections. • Identify resources, gaps in services, and opportunities at each intercept for individuals with SAMH disorders involved in the criminal justice system (target population). <p>Development of priorities and an action plan to improve the system and service level responses for individuals in the target population.</p>	December 31, 2021	
<p>Year 3: Continue efforts from years 1 and 2.</p> <p>Begin to implement the sequential intercept map in conjunction with appropriate evaluation measures.</p>	December 31, 2022	

Monroe County Opioid Strategies (continued)

Strategy 11: Naloxone access		
Action Step	Timeline	Responsible Party
<p>Year 1: Continue to provide/distribute naloxone (Narcan) to law enforcement, social service agencies, businesses, community members, and family and friends of those who are struggling with an opioid addiction.</p> <p>Increase awareness of free naloxone distribution and QRT (quick response team) training for responders. Market QRT trainings to local churches, law enforcement, businesses/chambers of commerce, and other community organizations.</p>	December 31, 2020	<p>Harm Reduction Michigan - Unified</p> <p>Family Medical Center of Michigan</p> <p>Recovery Advocacy Warriors</p>
<p>Year 2: Hold QRT trainings at local churches law enforcement, businesses/chambers of commerce, and other community organizations.</p>	December 31, 2021	<p>Catholic Charities of Southeast Michigan</p>
<p>Year 3: Hold QRT trainings at local churches law enforcement, businesses/chambers of commerce, and other community organizations.</p> <p>Engage additional partners to be trained as responders.</p>	December 31, 2022	<p>ProMedica Monroe Regional Hospital</p>

Monroe County Opioid Strategies (continued)

Strategy 12: Increase awareness and accessibility of treatment options for those with substance use disorder (SUD)		
Action Step	Timeline	Responsible Party
<p>Year 1: Collect baseline data on the number of Michigan jails that offer Medication Assisted Treatment (MAT) and at what capacity; including MAT upon release from jail.</p> <p>Continue to offer and expand MAT and recovery housing in various locations throughout Monroe County i.e., St. Joseph’s Center for Hope.</p> <p>Explore feasibility of Substance Use Disorder screening and referrals to community health in the emergency departments and urgent cares.</p> <p>Explore feasibility for continuing care programs in the schools and community.</p>	December 31, 2020	<p>Passion of Mind</p> <p>Monroe Community Mental Health Authority</p> <p>ProMedica Monroe Regional Hospital</p> <p>Catholic Charities of Southeast MI</p>
<p>Year 2: Continue offering MAT and recovery housing in various locations throughout Monroe County.</p> <p>Implement screening and referrals in emergency departments and urgent cares.</p> <p>Implement continuing care programs and schools and community.</p>	December 31, 2021	<p>Family Medical Center of Michigan</p> <p>Michigan Opioid Collaborative</p>
<p>Year 3: Continue offering MAT and recovery housing in various locations throughout Monroe County.</p> <p>Continue implementing screening and referrals in emergency departments and urgent cares.</p> <p>Continue implementing continuing care programs and schools and community.</p>	December 31, 2022	<p>Airport Community Schools</p>

Monroe County Opioid Strategies (continued)

Strategy 13: Assisted Outpatient Treatment (AOT)		
Action Step	Timeline	Responsible Party
<p>Year 1: Meet with County officials, including local prosecutors, judges, law enforcement, hospital officials and county commissioners, to discuss the implementation of Assisted Outpatient Treatment (AOT) in Monroe County.</p> <p>Discuss the benefits of AOT and how court-ordered mental health treatment could positively affect individuals and the community. Gain community buy-in.</p>	December 31, 2020	Prosecutor's Office
<p>Year 2: Research grants that would support AOT, including rotating grants from SAMHSA, and apply for funding.</p> <p>Once funding has been secured, identify a mentoring county to provide technical assistance and create an implementation plan for AOT in Monroe County.</p> <p>Create measurable goals, objectives, and evaluation strategies.</p>	December 31, 2021	ProMedica Monroe Regional Hospital Outpatient Behavioral Health
<p>Year 3: Implement AOT in Monroe County.</p> <p>Measure success and create a sustainability plan for future implementation.</p>	December 31, 2022	

Evaluation

Strategies, responsible agencies, and timelines will be reviewed at the end of each year by the coalition. As this strategic plan is a living document, edits and revisions will be made accordingly.
